Resident Physician Prize 1995 and 1996

Second Prize The Ferdinand C. Valentine Essay Contest, March 28, 1995

G. INSTITUTIONAL AFFILIATIONS

Primary Hospital Affiliation: North Shore University Hospital, Manhasset, New York

Other Hospital Affiliations: St. Francis Hospital, Roslyn, New York
The New York Hospital, New York, NY

Other Institutional Affiliations: N/A

H. EMPLOYMENT STATUS

1. Name of Current Employer: Urology Associates, P.C., Manhasset, New York
2. Employment Status: Voluntary (member of PC)

I. CURRENT AND PAST INSTITUTIONAL RESPONSIBILITIES AND PERCENT EFFORT

1. Teaching

Male Infertility North Shore University Hospital, Medical Grand Rounds	3/21/03
American Infertility Association, Male Infertility New York, NY	4/27/03
Urogynecology, North Shore University Hospital Symposium	5/04/03
Andrology meeting, Weill Medical College of Cornell University	6/10/03
Andrology meeting, Weill Medical College of Cornell University	12/9/03
Male Infertility Evaluation, Weill Medical College of Cornell University	3/25/04
Andrology meeting, Weill Medical College of Cornell University	7/20/04
Hormone Replacement Therapy in Men, Pathways Lecture Series	10/14/04
Male Infertility Evaluation, Weill Medical College of Cornell University Urology Grand Rounds	11/4/04
Male Infertility Resolve/North Shore University Hospital Symposium	12/4/04
Andrology meeting, Weill Medical College of Cornell University	3/22/05
Male Infertility, Weill Medical College of Cornell University Urology Grand Rounds	10/27/05

2. Clinical care – 2000 to present

Daily patient rounds
Daily office practice with resident teaching

3. Administrative duties – 2000 to present

Quality Assurance Monthly meetings
Departmental Meetings Quarterly
Weill Medical College of Cornell University, Department of Urology Resident Evaluation Meetings
biannually

4. Research – 2000 to present

Clinical studies through Urology Associates

Pfizer: A randomized double blind placebo-controlled four arm study to evaluate the efficacy and safety of tolterodine ER 4mg in men with frequency and urgency with or without urge urinary incontinence, with or without bladder outlet obstruction.

High Grade PIN: Randomized double-blind placebo-controlled multicenter efficacy and safety study of toremifene citrate for the prevention of prostate cancer in men with high-grade prostatic epithelial neoplasia.

Antigenics: Multi-center, randomized phase III study of adjuvant Oncophage vs. observation in subjects with high risk of recurrence after surgical treatment for renal cell carcinoma.

<u>Current Percent Effort (%)</u>		<u>Does the activity involve WMC students/researchers? (Yes/No)</u>
Teaching	10	Yes
Clinical Care	75	Yes
Administration	10	No
Research	5	No
TOTAL:	100%	

J. RESEARCH SUPPORT

CapCure grant. The effects of Vitamin D and calcium on the development of prostate cancer. \$100,000, 1997-1999.

K. EXTRAMURAL RESPONSIBILITIES

Executive search committee member, Chairman, Department of Urology, North Shore-Long Island Jewish Health Care system, 2005
