

Instructions for St. Francis Hospital Day-Op

Please be sure to have nothing to eat or drink from midnight the night before.

Please report to the Day-Op unit one (1) hour prior to your scheduled surgery.

Be sure you have a driver to take you home from the hospital—you may not drive yourself.

If medical clearance is indicated for you, be sure to bring your clearance note to the unit the day of surgery.

If the patient scheduled for surgery is a child, it is important that they be given nothing by mouth from midnight the night before also. They may use a pacifier. A pediatric medical clearance note is necessary on any child scheduled for surgery.
